

CITY SUFFERS
TURKEY FAMINE

Prices Have Jumped Skyward and there Are No Birds For Sale in Chicago.

BLAMES PACKERS

Dealers Claim that Turkeys Have Been Cornered and Are Held for Big Prices.

(Special By Scripps-McRae.)
Chicago, Ill., Nov. 26.—The city is today undergoing a turkey famine and the birds cannot be bought on the markets at almost any price. The prices have raised since Monday from fourteen to twenty-two cents a pound and even at that price there are none.
Claim A Corner
Small dealers claim that the packers have made a corner on the fowls and are holding them for an increase in price about Christmas time. It is said that there are several thousand at present in the cold storage in the city, but are not for sale.
Short Everywhere
Accounts from other markets also show a great shortage of turkeys and the reasons given by the poultry men is that the wet summer drowned the young birds before they were old enough to care for themselves.

SIGNAL EVENT FOR
MILTON COLLEGE

Installation of New President Will Take Place With Elaborate Ceremonies Tuesday.

Elaborate preparations are being made by the people of Milton for the installation of Rev. William Clinton Daland, D. D., as president of the Milton college, and the occasion promises to be one of the most memorable events in the history of the college and the village.
The installation services proper will take place on next Tuesday, Dec. 2, but there will be preparatory educational services in all the churches of the village at the regular time of worship on next Saturday and Sunday.

On Next Tuesday
All day Tuesday will be devoted to the installation services and to the entertainment of the distinguished guests who will be present. The service of welcome, with addresses will be held at 10:30 o'clock. The principal addresses will be given by President W. R. Harper, LL. D., of the University of Chicago.
Luncheon and Installation
Beginning at 12:30 o'clock an informal luncheon will be served in the college chapel and Mrs. Louise Bowerman, of this city, has been secured as caterer for the occasion. The service of installation with addresses by visiting delegates will be held at 2:30 o'clock and from 8 to 10 o'clock in the evening there will be a reception at the president's home.
Noted Guests
Among the distinguished educators who have notified the committee that they will be present are President Harper, of the University of Chicago; Acting President Birge, University of Wisconsin; President Plantz, Lawrence university; President Sablin, Downer college; President Hughes, Ripon college; President Davis, Alfred (N. Y.) University; and State Supt. L. D. Harvey of Madison, Rev. A. J. Titusworth of Milwaukee will also be present.
Attractive invitations for the services have been sent out. Paul M. Green, president for the trustees, and Albert Whitford, chairman of the committee for the faculty, are at the head of the arrangements.

DECIDES FOR POLICE BOARD

Indiana Judge Rules in Favor of the Metropolitan System.

Marion, Ind., Nov. 26.—Judge Paulus in the Circuit court sustained a demurrer of the defendants in the suit filed by Patrick Antrim against the metropolitan police board of this city to declare the metropolitan police law invalid. The case is of state interest, as all cities of over 10,000 inhabitants, except Indianapolis, have the metropolitan police system and the invalidating of the law would result in all the police departments of such cities going back to the old police system. The Indianapolis department is operated under a special charter.

CHINESE DYING FROM HUNGER

Worst Famine in History of Empire Has Many Victims.

Seattle, Wash., Nov. 26.—In Southern China, Indo-China and Tongkin the natives are dying from hunger. Emergency committees have been formed in Hong Kong, Shanghai and other large cities of China to forward supplies of rice and other provisions. The worst famine conditions ever known to exist in any part of the empire now obtain. The victims are believed to number thousands. Henry Mohler, a tea merchant of Shanghai, here on his way East, states that the rice crop is almost an entire failure.

MEXICAN SILVER
VALUE IS CUT

Premium on the New York Exchange Now Advanced to 185.

(Special By Scripps-McRae.)
City of Mexico, Nov. 26.—The premium on New York exchange continues to advance, and today is 185; that is \$2.85 Mexican silver is required to buy one gold dollar. The leading farmers in the interior and planters throughout the country say that they do not care if the dollar falls to 30 cents, as only the city merchants and importers want gold. They urge that the depreciated silver keeps the dollars in the country and makes business good.

Importers take another view, and are generally refusing to make prices on machinery, supplies, etc., except in gold. Bankers realize that payments coming due will be made in dollars worth considerably less than when the money was loaned.

The government has the matter under advisement, and advises regarding the adoption of a gold standard from Europe and the United States are being constantly received. The country is undeniably prosperous and there is a natural hesitation in taking radical measures, which might give business a set back. One large bank made the New York rate 1.90 at noon.

James Purvis, an aged employee of the James Martin livery company of Chicago had his leg broken in a run-away caused by John Dupee's automobile on the Lake Shore drive; a collision was narrowly averted by the chauffeur.

HAVE PURCHASED
POWERFUL DYNAMO

Newly Organized Electric Company Makes Important Addition to Its Equipment—For Mills.

In behalf of the Janesville Electric company, Manager Kers has purchased a three hundred and fifty horse power dynamo which will place the equipment of the concern on a par with many cities of double and triple the size of this. The dynamo is of a late type known as the three-phase alternator. It is from the works of the Christiansen Engineering company of Milwaukee.

The new dynamo will be installed shortly after the holidays in the lower cotton mills. Lines are now being run through the First, Fourth and Fifth wards in preparation for it, and the company is confident of extending its business sufficiently to make use of the added equipment. The dynamo will be used to furnish current for all purposes.

STUDENTS MAY BE INDICTED

Iowa Grand Jury Takes Up Riots at State University.

Iowa City, Ia., Nov. 26.—The grand jury has begun an investigation of the recent student riots at the state university with a view to indicting twenty ringleaders if the evidence can be procured. The faculty is co-operating with the county attorney. President McLean is said to have appeared before the grand jury. He was in conference with Mayor Stebbins and declared that he was determined students guilty of destroying property should be prosecuted. At a meeting of the deans resolutions were adopted to this effect.

J. I. Case Improves.

Racine, Wis., Nov. 26.—J. I. Case, who was reported as being at death's door, is better than he has been for several weeks. He is not confined to his bed and expects to go to his office this week. He has been a sufferer with Bright's disease for several years.

MANAGER DIES
IN GREAT AGONY

Stream of Molten Metal Cooks Him Slowly to Death in Sight of Friends.

OTHERS BURNED

Leak in the Iron Furnace in Alabama Works Is the Cause of Awful Accident.

(Special By Scripps-McRae.)
Birmingham, Nov. 2.—One of the saddest accidents that has ever happened in the iron works at this place happened this morning when General Manager J. Edwards of the Williamsport Iron Co., was slowly burned to death by a stream of molten metal.

The great iron furnace of the plant started leaking and in endeavoring to stop the trouble Mr. Edwards was caught under the flow of the metal at a white heat and was gradually engulfed and killed by slow torture in the presence of the assembled workmen.

Could Not Aid Him
No one was able to aid him and several were severely burned in attempting to help him at the first. His body lies under tons of the hardened mass and dynamite will have to be used to get it free from the iron that surrounds it.

TEAM LEFT FOR THE
THANKSGIVING GAME

Started for Green Bay this Noon With Three Substitutes, Mascot and Coach.

Eleven members of the high school foot ball team, three substitutes, Coach Norris and Mascot Chester Morse left on the 12:45 train this noon for Green Bay where they will play tomorrow. An attempt was made to secure an official whom they could take with them, but all efforts were unsuccessful. Hastings of Whitewater, and Downer of Milwaukee were both desired, but at the time that the men left no one had been secured.

The team will probably line up as follows: Jones, center; Locke, right guard; Carle, left guard; Harlow, right tackle; Millmore, left tackle; Yates, right end; Chase, left end; Palmer, quarter back; Flaherty, right half; Galbraith, left half; Casey, full back; Hogan, Dorn, Roherty, substitutes.

MINE STORES WIN
IN SUPREME COURT

Indiana Tribunal Holds That Act for Their Suppression Is Unconstitutional.

Indianapolis, Ind., Nov. 26.—The law against "plunk me" stores passed by the last legislature was held to be invalid by the Supreme court. This act prohibits the assignment of wages that have already been earned in exchange for tokens payable otherwise than in lawful money of the United States. The test case grew out of the purchase by James Poe of brass tokens that had been issued as miners' wages by Nathan G. Dixon, who keeps a store at Linton. These tokens call for merchandise from Dixon's store, but Poe insisted on having them redeemed in money, and the Circuit court held that he was entitled to payment.

DON SLATER IS
CHOSEN CAPTAIN

Star Foot Ball Player Will Lead Beloit's Eleven During the Next Season.

At a meeting of the Beloit foot ball eleven last evening, Don Slater of the class of 1904 was elected captain of next year's team. Slater is commonly regarded as one of the strongest players in the college, and has since he entered the school been one of the standbys of the institution on the line. Up to this year he has shifted between the guard and tackle positions, playing for a short time one season at half back. This year he finished the season in Captain Smith's old place at full back.

OLYMPIAN GAMES
STAY IN CHICAGO

Leading Frenchmen Object to Taking the Games to St. Louis.

(Special By Scripps-McRae.)
Paris, Nov. 26.—The Olympian games of 1904 will not be transferred from Chicago to St. Louis, if the Parisians interested in the matter can prevent it.

Baron Coubertin, who has taken a keen interest in the games; Henri Breal, to whose efforts the selection of Chicago was largely due; several of the French athletes who will enter the games, and the editor of the sporting paper, Autovele, all declare that the games must be held in Chicago.

Baron Coubertin says that the Paris exposition seriously interfered with the games in 1900. M. Breal says that the members of the French committee will no seven entertain the idea of a transfer. Theodore Stanton, the American member of the committee, believes that the entire success of the games will depend upon their being held at Chicago, and the Autovele's editor will publish an article tomorrow giving the several reasons why Chicago is the only place for the great tourney. "We want to see Chicago," says this gentleman, "and Chicago's way of doing things. If it wasn't for that we would not have agreed to take the games out of Europe."

DOES NOT LIKE
AMERICAN WAGES

Employers Federation Object to Liberalization of American Firm at Manchester.

(Special By Scripps-McRae.)
London, Nov. 26.—The American plan of paying good wages and encouraging employees to increase the daily output, which was introduced by the manager of the American Electrical Works at Manchester, has been formally protested against by the employers' federation of that district.

The latter avers that the labor market is being demoralized and their workers drained of their best men by the American officials, who pay their laborers 12 cents an hour, against 9 cents paid by the British employers and get double the amount of work accomplished.

The Americans intend to ignore the request. They say that the British workman is capable enough, but he is demoralized by low wages and the domineering of the English foreman, against whom he has no redress.

The British employers blacklist the men their foremen discharge and are attempting to prevent the American concern from employing them. The Americans, however, propose to stand aloof from the employers' federation and carry on their works in their own way.

MYSTERY IN DEATH
OF CARTHAGE MAN

Asks Porter to Have Contents of Bottle Analyzed, Saying He Got It From Friend.

Springfield, Ill., Nov. 26.—A young man who registered at the Silas hotel as Edward Salt of Carthage, Ill., died at St. John's hospital from the effects of laudanum. The coroner is holding an investigation because it is believed "Salt" was poisoned. Just before the young man became ill he handed a bottle to one of the porters and said: "Please take this to a chemist and have it analyzed; it was given me by a friend." A few minutes later it became evident that he was suffering from poison and efforts were made to have him tell where he got the bottle and who his friend was. He refused to answer and would not tell whether the friend was a man or woman. He said, however, the address on the hotel register was fictitious. In the dead man's clothing was a death certificate filled out and signed "Amos Stewart, Carthage, Ill."

PLEASANT EVENING
FOR CARD PLAYERS

Social Given by Married Ladies' Sodality of St. Mary's Church Was A Success.

There was a happy gathering at St. Mary's hall last evening, the occasion being a card party given by the Married Ladies' Sodality of St. Mary's church. About one hundred and fifty people were present and spent the evening in an enjoyable manner at the card tables.

Progressive clench was the game played and the first prizes were won by Mrs. E. O. Fleek and Miss Mamie Hagerty. The consolation prize was awarded to Willie Joyce, after an unsuccessful attempt had been made to convince Father Goebel that he was entitled to it. The handsome comforter, which was raffled off, was won by Miss Alice Casey.

During the evening tempting light refreshments were served by the ladies and it was late hour when the company finally dispersed after an evening of unalloyed pleasure.

MUNICIPAL CODE BILL
IS UPHELD BY COURT

Judge Murphy Rules That Law Relating to Government of Ohio Cities Is Constitutional.

Cincinnati, Nov. 26.—The first attack on the constitutionality of the recently enacted municipal code bill for Ohio met with defeat in the Court of Common Pleas. The case was brought at the request of a taxpayer to test the law. Judge Murphy overruled the plaintiff's demurrer to the answer, thus sustaining the constitutionality of the law on all the points raised. Among these was that the law was not uniform in its operation and that it was not legally passed. It is understood the case will be appealed at once to the circuit court, and then be taken to the supreme court as soon as possible to settle the point of constitutionality finally.

DECLARES AMITY
FOR AMERICA

President Castro on Venezuela's Relations With the United States.

(Special By Scripps-McRae.)
Caracas, Nov. 26.—"Venezuela entertains cordial and sympathetic friendship for the United States and desires the closest relations with the United States, which has always signally opposed the aggression of foreign powers," said President Castro in an interview today. "Convinced of the justice of our cause, the United States will render Venezuela assistance in her future difficulties."

"Well supported and well applied the Monroe doctrine is of the greatest possible importance and value. The motto of the United States should be accepted by the Pan-American nations, which should be bound in indissoluble ties of comity and friendship."

"Questions with European governments can be settled amicably if they have the same desire for friendly relations. We, the Venezuelan people, united, patriotic and courageous, form a force which will tenaciously resist any attempt to infringe our sovereignty or invade our territory."

THROTTLE PLANS
TO SECURE PEACE

Coal Barons Positively Refuse to Meet With Miners' President or Hear Demands.

GO TO COMMISSION

Wayne McVeagh Makes All Arrangements For Conference But It Ends His Proceedings.

New York, Nov. 26.—All peace negotiations between the coal operators and the miners are at an end. The battle must now be fought to a finish before the commission appointed by President Roosevelt.

The operators, who asked for the armistice, and suggested direct arbitration with the miners, have peremptorily refused to meet President Mitchell, as had been arranged by their own lawyer, Wayne McVeagh, with the lawyers representing the miners, and declared the negotiations closed.

Refuse to Confer.
The coal road presidents met in this city and received from Mr. McVeagh, who was consulting with the miners in Washington, a suggestion for a conference with Mr. Mitchell in Washington on Friday. Mr. McVeagh expected an acceptance and was astounded when Baer and his fellows telegraphed that any further conferences were useless. Both sides are now determined and angry, and the whole strike matter will be thrashed out before the commission, which must settle every point at dispute.

Due to Independents.
The refusal of the coal road presidents to pursue the arbitration meetings further was caused by the decided stand taken against arbitration by the independent operators, who presented statements to Baer and his associates bitterly arraigning the United Mine Worker, and demanding that the plans for a conference be dropped, saying they would "forever establish the power and perpetuate the injustice perpetrated by the United Mine Workers."

Attack the Union.
A large number of independent operators joined in the conference with the trust operators and through their representative, C. D. Simpson, protested against any agreement with

MEN'S LEAGUE BEGIN SEASON

FIRST MEETING OF PRESBYTERIAN ORGANIZATION HELD.

DISCUSS SUNDAY OBSERVANCE

Interesting Views Expressed Regarding Use of Sabbath—Sunday Golf and Newspapers Scored.

Sunday observance was the subject discussed at this season's inaugural meeting of the Men's league of the Presbyterian church. The attendance was larger than it has often been in the past, and if a few of those who were to have spoken in the afternoon, only a greater opportunity for an informal discussion which was perhaps fully as profitable from its spontaneity and its informality as the set speeches might have been. At any rate last evening's affair was of great interest to all who were in attendance.

The subject proved to have been happily selected and the hope was expressed that it might be brought up for more extended discussion before the Social Union club. The chairman of the program committee of the latter organization received the suggestion with great favor.

At about half past six the men were all assembled in the parlors of the church, and a little after 7:00 the pastor led the way to the dining room where an excellent repast had been prepared by several ladies of the church. It was not until some time after that the men began to show any desire to turn their attention to the more intellectual part of the evening's entertainment.

Rejoiced in Attendance
I. F. Wortendyke, the leader of the meeting, led up to the program of the evening by speaking enthusiastically of the large attendance which honored the first session of the year. Several men, he said, were in evidence, who had in the past been strangers to the organization. P. W. Reeder was then called upon to open the subject by giving his views on Sunday sports.

Mr. Reeder limited his remarks to the two specific subjects—golf playing and excursions on the Sabbath day. He further limited his discussion by including only busy men in the application of the theme. He felt sure that there is no harm for the man whose business confines him during the week, to go, in the proper company, upon a trip, where he may be for that one day of the week close to nature.

Scored Sunday Golf
But if such an excursion is allowed to encroach on the time which would properly be devoted to the spiritual it could not be commended. Mr. Reeder offered no excuse for Sunday golf playing.

A. A. Jackson talked upon the physical and moral elements to be considered in Sabbath observance. He strongly decried the tendency of the country to swing from the rigorous tenets of the Puritans to the opposite extreme. He passed a part of his argument on early statutes enforced in Wisconsin when it was still a territory. The state is now enjoying in its laws the benefit of the early lawgivers. Mr. Jackson also touched upon the necessity of rest to avoid excessive wear upon man's physical nature.

General Discussion
These two were the only regularly assigned speakers who were able to be in attendance last evening, and so the subject was thrown open for a general discussion. The debate was heartily entered into and brought forth the expression of some interesting views.

I. F. Wortendyke laid the question open to argument by stating his opinion on the subject of Sunday excursions. He questioned the efficacy of that means for obtaining rest and recreation, and recommended the Sabbath, which is a day of actual rest.

Condemned Sunday Paper
Rev. Henderson substituted for a direct argument, a description of two villages with which he was in boyhood closely acquainted—the one strict in its moral sense of Sunday observance and the other lax. He then condemned the effect of the Sunday newspaper and declared that it had done more than any other thing to counteract the influence of the church.

This latter statement brought forth a vigorous advancement of ideas and theories on the Sunday paper, most of which, at least in part, endorsed the views of the pastor. From this topic the theme gradually shifted to that of the variation in standards applicable to different trades and professions.

Under the head of general public observance A. A. Jackson stated his opinion, based on personal experience that public opinion is largely regulated by the attitude which the mayor and municipal officers take. If the saloon laws are strictly enforced, and the statute breaking proprietors forced to pay a few fines, conditions will be rapidly ameliorated.

For Strict Observance
E. M. Calkins expressed his belief that Sunday observance should be absolute and not vary with the individual or the place. That a man who it overworked does wrong in taking a trolley ride into the country, if he man who has an abundance of time is unjustified in doing the same thing.

When the hour of nine came the leader informed the men that some matters of business awaited them. It was decided to retain the present executive committee, Rev. J. T. Henderson, S. B. Heddles and I. F. Wortendyke in office for the coming year. After several announcements had been made a motion to adjourn was carried. December 16 is the date set for the next meeting.

SCHOOLS TO CLOSE FOR REST OF WEEK

Many Teachers Plan to Spend the Brief Vacation at their Homes.

With today's sessions the teachers and pupils of the public schools close their work for the week and tonight books will be laid aside for the measures of the Thanksgiving season. Following the custom of several years there will be no school on the national holiday nor on the Friday following it. This gives teachers and pupils quite a little vacation and several of the high school faculty are planning to take advantage of the opportunity to pay a brief visit to their homes.

Miss Genevieve Decker and Miss Alivo Thayer left Tuesday for Chicago, choosing to take the visiting day, which is allowed to all teachers in the public schools, tomorrow. The two ladies will spend tomorrow visiting schools and Miss Thayer will remain in Chicago while Miss Decker will go to Hinsdale to visit her sister.

The other members of the faculty will remain on duty until the close of school tomorrow. Miss Lina Johns will spend the brief vacation at her home in Dodgeville and Miss Ruby Acklin will be a Thanksgiving guest at her home in Brandon, Wis. Miss Emma Paulson will not go to her home in Clinton until Thursday evening as she will remain in the city for the Bennett-Sanger wedding.

Most of the gentlemen members of the faculty have their homes in this city but Mr. and Mrs. E. J. Losie will spend Thanksgiving with relatives in Northern Michigan. F. M. Van Horn will eat his Thanksgiving dinner at his home in Madison. Miss Morris will cast his lot in with the members of the High school football team and where they go there will he be also.

GENEROUS OFFER HAS BEEN MADE

Opportunity Will Be Given to Hear Excellent Lecture at No Cost of Admission.

Through the generosity of a member of the Presbyterian church, whose name is not given, an opportunity will be given for many to hear an address by the noted scientist and educator, Dr. John M. Coulter of the University of Chicago. He will deliver a lecture in the Presbyterian church, Dec. 12, upon "The Twentieth Century Man."

This lecture will be absolutely free to those who attend the entire cost having been defrayed by the unknown donor, through members of the Men's League and the committee in charge, to those who are most likely to appreciate such a lecture. It is believed by the committee in charge that the requirement of the presentation of tickets will remove any suggestion of cheapness, and will insure the presence of that class of men and women whom it is most desired to reach. The tickets will be circulated in a large part among factory employees.

Dr. Coulter is commonly regarded as unquestionably the greatest biologist of this country, and one of the greatest of the world; but in addition to his great knowledge of scientific topics he has made a thoughtful and careful study of other subjects and his lecture cannot fail to be valuable.

BADGERS LEAD IN CITY TOURNAMENT

King Pins Defeated in A Ragged Game—Scores Low—Single Game Record Beaten.

By the result of last night's match at Hockett's the Badgers have attained primal position in the City Bowling League. The "Doctors" or King Pins as they are officially known, were defeated by fifty-five pins. The games were alternately to the Badgers, the King Pins, and the Badgers, the last being won by the greatest single game total made this season, 333.

The scores were all low and the playing more or less erratic. Nolan captured both high score and high average, the former being 200 and the latter 185.

IS VERY SICK

Charles B. Withington is seriously ill at his home. Mr. Withington is seriously ill at his home on Academy street, with muscular heart trouble. Mr. Withington has had this trouble for some time but of late it has become quite serious. He had a bad attack yesterday and his son-in-law, H. E. Dick and a specialist from Chicago came up last evening. The specialist made an examination and stated that it was the contraction of the muscles about the heart that caused the trouble. The heart itself seemed to be all right. Mr. Withington has many friends who hope for a speedy recovery from his trouble.

CIRCUIT COURT HAS HOLIDAY

Adjourns Yesterday Until Friday Morning—Many Cases Disposed of.

The circuit court adjourned yesterday morning and the jury was excused until that time. The case of v. H. Rogers vs. R. J. Matpress was called for trial and on account of the absence of Mr. Rogers the case had to go over. This is a case concerning the seizure of some horses belonging to Rogers, that were being used by Prof. Gleason, in his horse training show, to satisfy a claim of D. Ryan & Sons.

In the matter of the will of Joseph W. Stewart, deceased, the case was held open until such time as the court was not engaged in the trial of other cases.

W. F. McCaughey vs. John Fisher, was tried by a jury, but at the close of the testimony on stipulation it was held open for argument and to be decided by the judge. The case of H. D. McKinney vs. John M. True et al was dismissed by consent of the parties.

BELOIT STUDENT ENDS HIS COURSE

Brother of Janesville Man Will Wed On Thanksgiving Day—Bride Forced to Go South.

Just at the outset of his senior year at Beloit college, J. W. L. Kaufmann, student manager of the foot ball team, has dropped his studies to be wedded on Thanksgiving day to Miss Ethel Clark of Mukwonago. Miss Clark is ill and the doctor has ordered a change of climate as the only way to avoid consumption. She refuses to go alone, and so Mr. Kaufmann decided to put an immediate end to his college course, in order to accompany her to the Pacific coast.

Mr. Kaufmann is a brother of Henry F. Kaufmann of this city, and is well known as the heavy weight on the football team who has always caused much laughter by his tactics.

HAPPY CEREMONY AT HYMEN'S ALTAR

Miss Harriet M. Ryan and Horace L. Church Were Married at St. Patrick's Today.

St. Patrick's church was the scene of a quiet and unostentatious wedding this morning when Miss Harriet M. Ryan and Horace L. Church took up on themselves the obligations of matrimony. Only the immediate family witnessed the impressive ceremony, the nuptial mass being celebrated by Rev. James J. McGlinchey, assistant pastor of St. Patrick's church.

Miss Margaret E. Ryan, sister of the bride, was maid of honor and William J. Ryan, the bride's brother, attended the groom. The bride was most becomingly gowned in a handsome traveling suit of dark blue cloth and her sister wore a gown of wool veiling in the same color. Following the ceremony, an elegant wedding breakfast was served at the bride's home, 68 Oakland avenue, where being guests outside of the family.

Both the bride and groom are widely known in this city, having a large circle of friends who wish them every joy and happiness. The bride is an orphan, being a daughter of the late Mr. and Mrs. Dennis Ryan and for some time past has been employed as a bookkeeper for D. Ryan & Son. She is a young woman of rare personal charms and sunny disposition, possessing womanly qualifications which fit her admirably to preside over a home.

The groom is the youngest son of Charles E. Church and has grown to manhood in this city. He is a conductor in the employ of the Chicago & Northwestern company, his enterprise and ability having won him rapid advancement. He is a genial young gentleman and popular with his friends.

STILL MORE ORDERS RECEIVED FOR ARMY

Men Mustered Out Within Three Months Will Be Reenlisted For Certain Branches.

Recruiting service orders are being issued thick and fast nowadays following the instructions from the War department at Washington to reduce the standing army to a minimum. Saturday F. C. Blake of the local station, received news from Washington via Milwaukee, which practically excludes all applicants save those from the signal corps. Last evening official advice was received, allowing him to reenlist men, under certain conditions, for other branches of the service.

According to these latest orders soldiers who have been mustered out within three months, may be reenlisted into the infantry or cavalry. Those whose term of service expired a longer time ago than that are not desired for reenlistment.

Mr. Blake made a trip to Beloit yesterday afternoon to attempt to arouse a little interest in that city in the United States Signal corps. Several first class telegraphers are wanted for that branch of the service.

PROGRAM READY FOR EDUCATORS

ANNUAL MEETING OF ROCK COUNTY TEACHERS'.

ARRANGEMENTS ARE COMPLETE

Prominent Instructors Will Take Part in the Sessions in this City Next Week.

Programs for the annual meeting of the Rock County Teachers' association to be held at the high school building on Saturday, December 6, have been received by Supt. H. C. Buell. The little folder contains many names well known in the educational circles of the county and the state and indications are that the association will enjoy one of the best meetings in its history.

An All Day Meeting
There will be two general sessions for all those in attendance, one from 9:30 to 12 and the second at 3:30 o'clock in the afternoon from 1:30 to 3:30 will be devoted to sectional meetings. The vocal music for the sessions will be furnished by pupils from the graded schools of this city and the High school orchestra will play.

Morning Session
The program for the general session on Saturday morning will open with vocal music after which there will be the announcement and remarks by the president, R. E. Loveland, Clinton. Supt. E. W. Walker, of the school for the deaf at Delavan, will speak on Agricultural Education; Inspector F. M. Jack of Madison, Principal Rudolph Karges of Orono, and Miss Mary Holt, of Brooklyn, will discuss the State Graded School Movement and vocal music will precede the address on Fads by Supt. A. J. Hutton of the state school for the blind. General discussions will follow the addresses of the morning.

Section Meetings
In the afternoon the teachers will assemble in the main room at 1:30 o'clock to listen to music by the city school pupils after which they will attend the section meeting in which they are particularly interested. The High school section will be conducted by Principal W. A. Clark, of Edgerton; the grammar section by Miss Ada L. Brandt of this city; and the primary section by Miss Lida J. Earhart, of Watertown. The topics which will be discussed in the different sections are as follows:

High School Work
High School section—Is the High School the Place for Psychology? Supt. H. C. Buell, Janesville; discussion opened by Principal W. B. Coons, Snarons; English in the High School, What and How? Principal, F. Kling, Evansville, followed by a general discussion; How Can Grade Pupils Be Induced to Complete the High School Course? Principal F. R. Hamilton, Madison; discussion opened by W. F. Lusk, Madison Theory and Art in the High School, Principal J. T. Healy, Iton Junction; discussion opened by Inspector F. M. Jack, Madison.

In The Grades
Grammar section—Exposition of Eighth grade Music, Mrs. Georgia Hyde, musical director, Janesville; Nature Study, Miss Ethel Fisher, Janesville; Grammar Grade Reading, Miss Laura Horsman, Beloit; discussion opened by Miss Margaret Wickham, Beloit; Supplementary Geography Work, Miss Margaret Young, Emerald Grove.

Work For Little Tot
Primary section—Nature Study, Miss Julia Dutton, Edgerton and Miss Grace Potter of the State Normal school, Whitewater; Manual training for Primary Grades, Miss Luella Hill, Janesville, and Miss Hannah Larson, Beloit; Primary Reading, Miss Lida B. Earhart, of the State Normal school, Whitewater. There will also be an exhibit of primary industrial work in the biographical laboratory.

Will Elect Officers
At 3:30 the association will convene again in general session for the annual business meeting. Music by the High school orchestra will be followed by the election of officers after which there will be ten minute talks on the Rock County Schools, Past, Present and Future, by County Supt. William Ross, County Supt. David Thorne, County Supt. elect, Charles Hemmingsway and County Supt. elect O. D. Antisdel.

LOCAL GROCER IS SUED BY FIRM

Attachment Served on Thomas Furey By the National Biscuit Company.

A suit of attachment was started today by the National Biscuit company against Thomas Furey, who has been conducting a grocery store on West Milwaukee street. The officer who had the process to serve found the store closed and no one about who seemed to know the whereabouts of the proprietor.

Bright's Disease And Diabetes

They are curing Bright's Disease and Diabetes in California. The percentage of efficiency (recoveries) in these hitherto incurable diseases averages as high as 87 per cent. The details of the investigation and demonstration of the new compounds are so conclusive that we at once sent for a bundle of the reports and for the new treatment for urgent cases in this city. Call or send for one of the reports.

TOMORROW ENDS FOOT BALL SEASON

In Both East and West the Closing Gridiron Contests Will Be Played.

Tomorrow will see the closing games of the football season. Friday the players of 1902 and the winnings and defeats will be only memories. In the East and West many games will be played on the gridiron and many a Thanksgiving dinner will be left either until all is over or will be hastily digested so that the "kick-off" may not be missed.

Western Games
In the West the two games between Minnesota and Michigan and Wisconsin and Chicago are the leading ones. Michigan will probably win from the "Gophers" and Wisconsin should win from the Midway players. In both cases it will be a battle royal in which no mercy will be given and none expected.

Eastern Games
The only game of any importance in the East is the Pennsylvania-Cornell game and the West Point-Middie one. Other small colleges will meet but they are not considered factors in the usual college contests of the East. Pennsylvania should beat Cornell but if they play in the ragged they will lose during the season they will lose.

Other Games
Northwestern plays Nebraska, Notre Dame meets Purdue and the Janesville High school meets Green Bay at Green Bay.

ARE PLACING THE BOILER FOR PLANT

Work at the Porch Shade Factory Is Being Pushed Along With Great Rapidity.

Workmen employed at the Hough Porch Shade factory now under construction, began to install the boiler in the power house this morning. The engine building is not yet completely roofed, but it is possible to place the boiler now, and so the work is being pushed with same enterprise which has characterized every action of the company. The buildings are moving rapidly toward completion, spacious in floor space, but low lying and simple in architecture.

\$3 To Chicago And Return
For the Wisconsin-Chicago football game at Chicago, Nov. 27, excursion tickets will be sold by the C. & N. W. Ry. good only on Nov. 27th; going by C. & N. W. Ry.; returning by C. M. & St. P. Ry. at rate of \$3 for round trip. Special trains returning will leave Chicago by C. M. & St. P. Ry. at 11 p. m.

Trial Made of Machinery at Cement Post Plant—Have Met With Delay.

A piece of machinery which is delayed on the railroad somewhere between the factory and this city is now holding back the work on the cement post factory. Otherwise it is going well. On Monday the engine was started a trial made of the machinery, but the test was not as satisfactory as it otherwise would have been, owing to the lack of the one fitting which has gone astray in transportation.

PERCY HASWELL AT MYERS GRAND

Charming Actress Appears Tomorrow
In Both Matinee and Evening Performance.

Miss Percy Haswell appears at the Myers Grand tomorrow as Princess Angela in an elaborate production of "A Royal Family." Miss Haswell is supported by a strong company, including such well-known names as Boyd, Putnam, Maud Granger, Nancy C. Turner, Charles D. Pitt, Walter Crosby and others. She is under the management of Henry B. Harris, who is also the manager of Robert Edson in "Soldiers of Fortune" and "Mrs. Jack," the comedy success of this season at Wallack's theater, New York.

Miss Haswell has long been known to the theater goers and her appearance here will be a pleasurable event. She made her noted success as leading lady for Augustin Daly, playing alternately at times with Ada Rehan and has appeared at the head of many of America's foremost attractions. Miss Haswell has had a severe dramatic schooling and has the advantage of youth, beauty and a personality of unusual charm. For the past two years she was the star of her own stock companies.

"A Royal Family," written by Robert Marshall, author of "The Second in Command," ran for nearly two years at the Lyceum Theater in New York, which broke all records for romantic comedy runs in this country. It also played a year's run in London. It is a picturesque story of love and adventure, the scenes are laid in the surroundings of a royal court, the leading personages being modern people of royalty, their court and retinue. The Princess Angela, the role which Miss Haswell plays, is that of a fascinating, capricious daughter of royalty.

INTERESTING STORY OF PHILIPPINES

Lt. Col. Frank Eager Visits in Evansville and Tells of His Experiences.

Evansville, Nov. 25.—Frank Eager of Lincoln, Nebraska, who has been visiting relatives in this city, returned to his home yesterday. Mr. Eager is a Lieut. Colonel of U. S. Volunteers, having served two years in the Philippines. He entered the army as adjutant and served with distinction in twenty-two engagements, his advancement along the line of promotion being rapid. Lt. Eager's regiment was the first to enter Manila after the surrender of that city; the men were obliged to stand in mud and water up to their armpits for 12 hours prior to the city's capitulation to the American troops. He tells of some very interesting events, many half-breed escapades from death, etc. During an engagement about thirty miles inland from Manila, between 800 American soldiers and 3,000 Filipinos, Colonel Stansberg and a great many others were killed. Lt. Eager was shot through the right foot. The country was perfectly flat and the enemy was concealed behind a row of short bushes. The Americans lay flat behind a rice hill (only a partial protection) and threw their line across the entire width of the enemy's front. Col. Stansberg ordered an advance in the face of the terrific fire, half of the column advancing a few yards under the fire and smoke of the other half of the command, on the third advance Col. Stansberg was killed. The Americans carried the line, however.

Lt. Eager was in and around the hospital at Manila for six weeks, one of the finest in the world and says that the care given the wounded was beyond anything ever rendered by any nation for their soldiers. He says a great percentage of the men wounded were brought through and back to health. He was appointed by General Otis to act as counsel for three Spaniards who were in charge of a penal institution at the time of the capture of the island of Luzon and who failed to turn over the funds amounting to thousands of dollars in silver to this government.

Lt. Eager had been a practicing attorney before enlisting and the work was familiar, he thought there was little doubt as to the fellows' guilt but he did the best he could for their defense, two of them were acquitted and the other was fined \$5,000. After the trial one of the men called on him and presented him with a cigar case in which was \$500. He was not allowed of course as an officer to accept a regular fee, but the gift showed the appreciation of his work for them. He brought home the finest collection of eastern curios that is in any one's collection in this west. He made numerous trips inland and gained much information about the country and the people. Mr. Eager is at present the publisher of a large paper called the Independent at Lincoln, Nebraska, and is well-acquainted with W. J. Bryan.

What's the secret of happy, vigorous health? Simply keeping the bowels, the stomach, the liver and the kidneys strong and active. Burdock Blood Bitters does it.

Diphtheria relieved in twenty minutes. Almost miraculous. Dr. Thomas' Electric Oil. At any drug store.

"Little Colds" neglected—thousands of lives sacrificed every year. Dr. Wood's Norway Pine Syrup cures little colds—cures big ones too, down to the very verge of consumption.

Years of suffering relieved in a night. Itching piles yield at once to the curative properties of Doan's Ointment. Never fails. At any drug store.

THEATER BILL TONIGHT

Ten Nights in a Bar Room to Be Given This Evening
A few reasons why you should see Ten Nights in a Bar Room. Because it is the greatest temperance play in the world; the saloon keepers go to see it and admit its true worth; the clergy go to see it and recommend it; the temperance people turn out in masses to see it; it will do more good than scores of temperance lectures. It is a grand model and instructive lesson. The heads of families come to see it. A play that every child should ask her parents to take her to see. Every wife should ask her husband to attend. Every young lady should persuade her lover to go. Ten Nights in a Bar Room will be produced at the Myers Grand this evening.

WISCONSIN WEATHER FORECAST
Therating tonight; fair and cooler Thursday.

THANKSGIVING.

If there was ever a year when the American had occasion to be thankful, it is in this year of our Lord, nineteen hundred and two.

The banner of prosperity has floated over every state in the union. The soil has responded bountifully to the touch of the husbandman, and industry has met with universal reward.

No war cloud has darkened the horizon, and the rapid march of civilization has silenced the spirit of rebellion in our new possessions.

National thanksgiving like National responsibility is so largely in the abstract, that it is sometimes difficult to appreciate, and so the man or woman who gets the most out of Thanksgiving day, finds it necessary to concentrate thought and emotion to the smaller circle of everyday environments.

The people of Janesville have occasion to be thankful that they are alive and still able to pay taxes. They should be thankful that the city hall is finished and the last opportunity exhausted to spend money on it.

They have occasion for gratitude because storm and pestilence has been withheld, and nature has smiled upon effort throughout the year.

As a people, the spirit of united enterprise has been dominant, and as a result development and substantial growth have followed. This is cause for profound gratitude and thanksgiving.

There was never a time in the history of the city when good fellowship prevailed to larger extent, or when the outlook for permanent prosperity was more inviting.

The morals of the city, while not ideal, are far from being debased, and the place is undoubtedly as good an imitation of paradise, as can be found in the state outside of Milwaukee. This is also occasion for thanksgiving.

The complaint is made that the taxes are high, but the city has much to show for investment in the way of improvements. It has more miles of good streets, and better public buildings than at any time in its history, and while money has been freely expended, the city has been benefited.

There are very few homes in the city that will not find something to be thankful for. The year has been so bountiful in blessing that every home is entitled to a share.

In comparatively few of them, has the family circle been broken by the hand of the destroyer, and but here and there will the day be marred by the presence of disease and suffering. To such homes, a kindly sympathy will be a pleasant reminder of the bond of friendship that makes all hearts akin.

The individual life, that in any sense appreciates the favors of the year, will be filled with gratitude. It has been a year of opportunity, when it was possible for every toiler in any department of the busy workshop, to improve conditions and make advancement. Many have improved these opportunities and reward has followed.

The year should have an incentive for better work and renewed energy, and with the spirit of thanksgiving should be mingled a determination to go forth for a better achievement.

CANADIAN IMPORTS

Canadian imports from the United States continue to grow more rapidly than those from the United Kingdom, despite the legislation of 1897 in favor of products of the United Kingdom. In that year it will be remembered, the Canadian tariff laws and regulations were so adjusted as to give an immediate reduction beginning with April, 1897, of 12 1/2 per cent in tariff rates on imports from the United Kingdom, with a further provision that another 12 1/2 per cent reduction should occur in 1898. In 1900 a still further reduction was made, making the total reduction of tariff rates in favor of merchandise from the United Kingdom 33 1/3 per cent. The official report of the Trade and Navigation of the Dominion of Canada, which has just reached the Treasury Bureau of Statistics, includes a series of tables showing the imports for consumption from the United States, Great Britain and other countries, and the total imports for a long term of years. This shows that in the fiscal year 1896, the one immediately preceding the year in which the reduction of tariff in favor of products from Great Britain began, Canadian imports from Great Britain were \$32,979,742, and in 1902, \$49,206,062, an increase of \$16,226,320. In 1896 the Canadian imports from the United States were \$38,574,024, and in 1902, \$120,814,750, an increase of \$82,240,726.

Not only do Canadian imports from the United States show a greater actual increase from 1896 to 1902 than to those from the United Kingdom, but the percentage of increase in imports from the United States is also greater than that in imports from the United Kingdom, and the percentage which imports from the United States form of the total imports of Canada is greater in 1902 than it was in 1896, while the percentage which imports

from Great Britain form of the total imports of Canada is less than in 1902 than it was in 1896. Comparing 1896 with 1902, the actual increase in imports from Great Britain is, as already shown, \$16,226,320 and the actual increase in imports from the United States is \$82,240,726. Considered by percentages, the imports into Canada from Great Britain show an increase of 54 per cent, while those from the United States show an increase of 107 per cent, since 1896; imports from Great Britain formed in 1896 30 per cent of the total imports into Canada and in 1902 24 per cent; while imports from the United States which in 1896 formed 52 per cent, formed in 1902, 60 per cent of the total imports into Canada.

"SHORTY" LUSH'S JOB

Charles K. Rush, erstwhile a Chicago paper correspondent in Milwaukee and later the editor of the Governor's personally conducted organ the La Crosse Chronicle, has given up the lucrative position as chief agent for the band wagon crowd and will in the future be seen behind the chief clerk's desk of Secretary of State, Housner's office in January. Mr. Lush has a clear feeling for the band wagon, and the way in which he has run himself into a good fat job at Madison demonstrates clearly that all hopes for the much abused newspaper editor is not over, providing he is on the right side of a winning fight. Lush is a clever writer and an all around good newspaper man. His retirement from the newspaper field of the state will mean that the northern section will be without the bright crisp sayings that have done much to engender the animosity of many persons during the last campaign. He never forgets to take a dig, and then he seems to forget that he has won and keeps on digging.

It would be thought that with the Masonic Temple mixed up in the tax dodging plans it would have been more considerate for the robbers of the mail wagons to have chosen some other place for them to rob about.

It would appear that the supreme court of Ohio has a ready made ten dollar size cut down to five, injunction to spring on Tom Johnson every time he does anything that does not please Mark Hanna.

Carrie Nation visited Milwaukee and was treated to a shower of seltzer when she tried to wreck Honest John Callahan's place. Good for John.

That the Whitewater peat factory should have shut down because it has no way of drying the material seems funny when one considers the political situation in the county.

Now that President Elliot of Harvard knows just what the general public thinks of him he will doubtless go on making an ass of himself just the same.

An eastern woman says her husband is perfect. Is there not some Janesville woman to duplicate the remark? What, all quiet?

A Chicago policeman named Gentlemen was mobbed in the stock yards district. With such a name he has no business on the Chicago police force.

Noah was the first man who formed a trust and he truly had one that the twentieth century magnate would be more than pleased to own.

The Paris doctor who claims he has taken the evils out of whiskey and beer may think he has done a great thing but what do the fellows who drink the stuff think?

Pembroke's wild man may be some disappointed politician who took to the woods the first Tuesday in November.

Austria talks of establishing a newspaper expressly for nervous people. Kind of Austria, is it not?

If all the Boers were as thrifty as De Wet it would not take them long to recuperate for their losses. Fifty cents per to hear a temperance lecture in Milwaukee is a little high when beer is only five per.

With Casey at the bat how could Colombia expect to score a home run or even win a game?

They are fortifying London. Is it possible this is being done to keep out American industries?

The recent efforts to make a raise in a poker game with dynamite is truly an American product.

New York people have the "horse waggie" nowadays. They usually have some bad or other.

PRESS COMMENT.

Milwaukee Journal: Of course Mr. Babcock denies that there is any deal with reference to the speaker's ship. He is a politician of the practical kind.

Racine Journal: No fractious opposition is looked for in the legislature this session to necessary measures, but an orderly discussion and conferring of members is necessary that the best results be received for the people.

Fond du Lac Reporter: "Jack,

the hugger" is a popular character these days. Hardly a day passes that some woman does not complain that she was hugged against her will, and there are doubtless many cases of hugging about which there is no complaint.

Milwaukee News: General Bragg has returned to Fond du Lac and it is reported "refuses to talk." If the general keeps on corking up his vinegar of his nature that way, he'll become so sour for republican use and a "democrat" is the next presidential campaign.

La Crosse Chronicle: A hysterical woman with religious mania is mighty light basis for a two-column report that anarchists are scheming to assassinate the president of the United States. And thus far President Roosevelt seems to have only offended the millionaires who have special privileges.

Madison Journal: The Milwaukee members of the legislature will make an effort at the coming session to have the city and county government of Milwaukee merged. The purpose of abolishing one of the two is to reduce taxation. Recent county reports show an unnecessarily large expense growing out of the dual government.

Mineral Point Tribune: Laws for the punishment of combinations that put up the price of commodities and thus pinch the people in their procurement of the necessities of life, should be made extremely severe. If the common people are not protected from the greed and avarice of soulless money sharks then this is no longer a country "of the people, by the people and for the people."

Milwaukee Free Press: Anybody wishing to do it can raise all but 200 miles of the distance from Chicago to New York on trolley cars. There is one long gap from Auburn to Schenectady, a distance of 160 miles, and a number of shorter ones scattered along the route. It is believed that a continuous trolley trip will yet be possible from Chicago to Boston. But before people would ever travel by it there would have to be great improvements made in cars.

La Crosse Republican and Leader: Sly old Joe Babcock rather got the best of the rest of the Badger congressmen. But then what is the odds? The delegation gets five chairmanships and the man from the third district a little more glory and experience as a manipulator. Bab is anxious to stay on the committee on rules which practically runs the house, and if he has succeeded no harm is done. The rest of the boys will take their chairmanships and pocket the speaker'ship plop.

FAMILY CIRCLE IS BROKEN BY DEATH

Mrs. Mabel Sherwood Died at the Home of Her Parents, Mr. and Mrs. E. H. Pelton.

In the home of Mr. and Mrs. E. H. Pelton, 158 Glen street there is only deepest sorrow in place of the joy and happiness of the Thanksgiving season, for last evening at 8 o'clock their eldest daughter, Mrs. Mabel Eugenia Sherwood, was released by death from the intense suffering which she has borne with patience for some time past. Mrs. Sherwood had been afflicted with Bright's disease for several months and in spite of the best treatment and loving care, she grew steadily worse and her death had been expected for some time. For the past few days she had been in an unconscious condition.

Deceased was born in this city twenty-seven years ago and grew to womanhood here, winning for herself the esteem and affection of a large circle of friends. She had a happy disposition and the pain of her illness was borne with cheerfulness and brave fortitude. It was on account of her illness that her marriage to the late Willis Walrath, of the town of Fulton, was postponed and it seems a strange coincidence that their deaths should have occurred so closely together. Mr. Walrath having passed to his final rest very suddenly of heart trouble only last Friday. Mrs. Sherwood was not told of her sweethearts' death.

The sorrow of Mr. and Mrs. E. H. Pelton, the bereaved parents, is especially keen as this is the first time that death has visited the family circle. One sister, Mrs. Walter H. Brown, of Chicago, and one brother, Ray Pelton, whose headquarters are at St. Louis, Mo. are left to mourn. They are both in the city, having been called here by their sister's serious condition. Mrs. Sherwood also leaves two children, a little daughter, who has been adopted by Mr. and Mrs. Pelton, and a son.

Funeral services will be held from the home of the bereaved parents, Friday morning at 10:30 o'clock. Rev. Robert C. Denison will officiate and the interment will be in Oak Hill cemetery.

MERRY TIME FOR LITTLE PEOPLE

THANKSGIVING IS OBSERVED IN THE CITY KINDERGARTENS.

WITH GAMES AND FEASTING

The Children Took A Large Part In the Preparation of the Appropriate Luncheon.

Thanksgiving festivities began today, at least for the children in the public kindergartens, where happy and appropriate exercises were held this morning. It was the first holiday to be observed in this new department of the public schools and the little tots had a merry time.

Thanksgiving Party. At the Webster school there was a jolly Thanksgiving party to which the parents of the children were invited. During the present term of school Miss Wilcox has been directing the work toward Thanksgiving with the object of helping the children to realize some of the reasons why tomorrow should be an occasion of real thankfulness. With this aim the kindergarten work has been teaching the children what the bees, the squirrels, the farmers and their fathers and mothers have been doing all the fall in getting ready for the winter, and today's party was meant to impress the children with the idea that the work of preparation was complete.

Work of the Children. The children had themselves prepared the neat invitations which were taken home to their parents and the cheerful room at the Webster school was well filled with adults who were delighted with the morning's exercises. The program began with the usual circle work of the kindergarten, the children illustrating in their plays the work of the bees, the squirrels, the farmers and the fathers and mothers. Miss Wilcox told an entertaining Thanksgiving story in her inimitable style and then the children gave some of their rhythm work.

A Unique Dinner. Then followed the Thanksgiving feast. The low tables were decorated with the handwork of the little people, the color scheme being in red and green. Each child had decorated his or her own plate, a circle of paper bearing a design in red or green and had made small baskets of red and green crepe paper, the baskets being filled with nuts. The refreshments were typical of the autumn, including apples, nuts and individual pumpkin pies, the refreshments being donated by parties interested in the kindergarten. One of the principal dishes of the feast was grape jelly, which had been made by the children themselves, served on crackers.

At the Jefferson School. A party similar in detail was given at the Jefferson school, Miss Wiggins having charge of the work. Here also there was a large attendance of parents and the room at both buildings were appropriately decorated with grains and vegetables.

LADIES BOWL HIGH COCKED HAT SCORES

But Do Not Practice Painstakingly For Ten Pin Game—Good Scores Yesterday.

At the present rate of improvement it will not be long before the ladies' bowling club will be able to compete on a par with the men, on the smaller games at least. Yesterday several scores were rolled in the cocked hat game which ranked well with the average man's achievements in that direction. One of the young ladies rolled up a total of 29, while another made 24. There are still hesitations in the ten-pin game about the use of the large balls, but their resultant low score is not so much the fault of inability to handle the balls, as lack of painstaking and preserving attempts at a simple style of game. As it is they alternate at haphazard from the center ball to the right or left corner.

NO GAME FOR CADET ELEVEN

Failed to Secure Match With Jefferson Junction Football Team for This Week.

Thoroughly mistaken the Christ Church Cadets find that they are without a game either for Friday as was at first planned, or for tomorrow as they had later expected. They were hoping to play Jefferson Junction on one of those dates, and had been practicing faithfully, so the lack of a game comes as a severe disappointment to them.

P. O. Hours For Thanksgiving Day. Office will be open from 8 to 9 a. m. and from 2 to 3 p. m. Carriers will be at their windows from 2 to 3 p. m. and will deliver their early morning mail as usual. Money order office closed for the day.

McDermott-Dilzer. Miss Alice McDermott of the town of Janesville and Arthur Dilzer, of this city, will be married tomorrow morning. The ceremony will take place at St. Mary's church, Rev. Father W. A. Goebel officiating.

In Circuit Court: One or two minor matters were taken up by Judge Dunwiddie in the circuit court today. In the matter of Edward H. Smith et al. in incompetents' sale of land, the guardian was discharged and the final report confirmed in two cases. In the case of Charles F. Dawson vs. Bridget Hanlon, T. D. Woolsey, attorney for the plaintiff made a motion to set aside the verdict in the case and grant a new trial. The matter was held open.

T. P. Burns offers choice values in table linens and napkins to Thanksgiving shoppers this week.

NOTICE.

The Gazette is willing and pleased to publish all notices of lodge or society meetings; but it has found it necessary to make the rule that all such notices must be written and left at the office before 11 o'clock of the day they are to be published. In the future no notices, except paid ones, will be received over the telephone.

PRIEST TO BE STAGE MANAGER

Rehearsals for Production by Choir of St. Mary's Church Begins Friday Evening.

Pinafore, the opera whose popularity seems to be undying, will be presented in this city during the month of February under the auspices of the choir of St. Mary's church. Arrangements for its presentation are already well under way and the first rehearsal will be held in the chapel of the church on Friday evening. Priest As Stage Manager. Rev. Father L. J. Vaughn, of La Crosse, has been induced to stage the opera and he will begin his visits to this city as soon as the rehearsals are well under way. Father Vaughn is a qualified actor for the task having been a successful actor for several years before he deserted the stage for the priesthood. Prof. W. T. Thiele, director of the choir, will be associated with Father Vaughn in getting the production ready for the stage. Prof. Thiele taking entire musical charge of the opera and conducting the rehearsals.

By Home Talent. Several of the principal parts have already been assigned but the definite announcement of the cast cannot be made until after the first rehearsal is held and the parts tried. The opera will be given entirely by home talent, although the choir will be assisted by other prominent vocalists of the city. A large chorus will assist in the production and the proceeds will go into the church building fund.

BELOIT BARTENDERS ENTERTAIN ROYALLY

Ten Men From Janesville and A Large Number From the Forest City are Guests.

Ten bartenders from this city and a number from Rockford were royally entertained by the Beloit Bartenders' union last evening. Neither pains nor cost had been spared in the efforts to make the entertainment and banquet perfect in every detail. After the banquet plans were discussed for the organization of similar unions in this city and Rockford. At about nine o'clock when the Janesville men arrived in Beloit, they were conducted to the Odd Fellows' hall where they were pleasantly entertained for several hours. An excellent quartet and an orchestra had been provided to furnish the music, and a couple of Beloit men gave a three round boxing exhibition for points. The match was declared a draw.

From the Odd Fellows' hall the party repaired to the Branigan house where a sumptuous banquet was served. The large dining room had been tastefully decorated and in every appointment was as nearly perfect as the skill of the caterer could make it.

The banquet ended, the real purpose of the gathering was broached. Since early last summer the Beloit bartenders have been strengthened by an organization and they wish to bring about the formation of similar unions in their sister cities.

R. D. Hogan presented the cause of the union, and he was seconded by members of the Ltee City organization. Rockford men added their words, and J. H. Harvey and J. Helmer responded in behalf of the Janesville guests.

The gathering broke up at an early morning hour, the Bower City visitors returning on the early mail train. The boys are all loud in their praise of Beloit and especially of the Beloit bartenders.

A meeting has been called for Sunday afternoon at the Trades Council hall to discuss the formation of a union in this city. The general sentiment of those who went to Beloit last evening, seems to be heartily in favor of organization.

REV. J. J. COLLINS DEDICATES CHURCH

Janesville Friends Are Invited to Attend Dedication Services.

at North Fond du Lac. Rev. Father J. J. Collins, formerly assistant pastor of St. Patrick's church of this city, will dedicate his new church at North Fond du Lac tomorrow. An invitation to be present was tendered the Knights of Columbus of this city and were the church on some other day than Thanksgiving, doubtless quite a delegation from this city would attend. Under the circumstances, however, the Knights deemed it impossible to accept the invitation.

New Church Edifice. The church to be dedicated on tomorrow is the Church of the Presentation of the Blessed Virgin Mary. The dedication services will be held at 9:30 o'clock followed by a Thanksgiving service at 10:30 o'clock. The church building has been erected under the supervision of Father Collins, who was called to North Fond du Lac last June to take charge of the field in which there was urgent demand for a Catholic church. This need was due to the building up of North Fond du Lac by the railroad companies.

Organized the Church. When Father Collins went to North Fond du Lac, there was no Catholic church and no congregation and the new church home is now completed and ready for occupancy. The many Janesville friends of Father Collins will extend heartiest congratulations.

Thanksgiving Opening. Guernsey & Hanks, proprietors of the former A. W. Baumann place, Corn Exchange square, will have a grand opening Thanksgiving day. Fine free lunch will be served.

TOPICS CHOSEN; MANY WILL GO

SEVENTY-FIVE TWILIGHTERS ARE GOING TO MADISON.

THE PROGRAM A GOOD ONE

Best Speakers of the Local Business Men's Club Will Speak at Six O'clock Dinner.

There is little doubt but that the full number of Twilight club members that can be accommodated by the Six o'clock club of Madison on Dec. 1 will make the trip. The lists have been left at the different banks for signatures and are rapidly filling up. The party will leave here at 4:30 on a special over the St. Paul road and will return some time during the night, the exact time not having yet been set.

The sub-topics of the main topic: "Municipal Government" have finally been selected by the committee and the speakers chosen. The topic will be divided into seven sub-divisions as follows:

Peoples' Representatives. Public Franchises. Schools and Libraries. Taxation and Revenues. Attitude Toward Business Interests. Rings and Pulls. Municipal Esthetics.

CURRENT NEWS NOTES

In the Court: The Davis case in the municipal court was adjourned until December 3 when a jury will be drawn.

Sues Northwestern Road: The case of James M. Finney against the C. & N. W. R. R. was called in Jesse Eare's court this morning and adjourned until Dec. 3.

Abundance of Cress: Along Spring Brook where the winds through Brook's park and in the direction of the Emerald Grove road, water cress is growing in much greater profusion than usual.

It Ran Away: Last evening shortly before five o'clock a horse attached to a grocery wagon made a run across Milwaukee street bridge and was stopped near the corn exchange before any damage was done.

Band Has New Hall: The Imperial Band has given up the hall it has occupied above W. W. Nash's grocery store, and is now located in rooms on the third floor of the Tallman Block, over McDaniell and Achterberg's tailoring establishment.

To Attach Goods: A suit of attachment for a bill for royalties has been filed in Justice Reeder's court vs. T. P. Furey. The plaintiffs are Deane Brothers and Lincoln. The name of Alvah Lloyd is attached to the papers as agent for the plaintiff.

Odd Fellows' Party: The members of the Odd Fellows' Social and Beneficial club will give their annual party at East Side Odd Fellows' hall this evening. All Odd Fellows and their families are invited to attend and have a good time.

Receives Check: City Treasurer

Fathers today received a check for \$250, as the city's portion of the state fund for the support of the manual training department in two free high schools. He also received notice that the city's apportionment for free high schools was \$458 which would be paid to him in February.

Dinner is Free: The Thanksgiving dinner to be served at the Mary Kimball mission tomorrow afternoon at 2 o'clock will be free to the children, reports to the contrary notwithstanding, and it will be a happy and a joyous occasion. In the evening at eight o'clock there will be a Thanksgiving service at which Mrs. M. J. Jewitt, of Chicago, will preach.

Laid Up For Repairs: Car 6 of the street railway, formerly the Main street car, has been consigned to the barn for repairs. Car 12 is running in its place. The old one was growing too cold for the season of the year and was full of apertures which allowed free entrance to every chilly blast.

Working On Ordinance: The finance committee of the common council held a meeting today to consider the ordinance for the issuance of \$25,000 city hall bonds, which will be presented at the meeting of the council on Friday night. The ordinance was not ready for the meeting on Monday night. The city engineer will also have a report on Milton avenue ready and possibly a report on Franklin and Marion streets.

Large Force Employed: It was an amusing sight yesterday to see a force of employees of the street railway company at work at the Spring Brook and pit. A single wagon and team was employed in hauling gravel a distance so great that only about one trip an hour was possible. To load this wagon a force of six men was employed.

Celebrated Anniversary: Mr. and Mrs. W. L. Sherman celebrated the fifteenth anniversary of their wedding last evening. About thirty of their intimate friends gathered at this time to assist them in celebrating the event. The evening was devoted to playing progressive clinch and other card games. The prizes were won by Mrs. George Palmer and L. J. Locke, first and Mrs. W. C. Hart and Fred Sherman, consolation.

The guests before departing for home presented the host and hostess with a handsome easy chair as a slight token of their esteem.

SAYS HINSHAW IS INNOCENT

Former Counsel Declares "Kid" Whitney Killed Pastor's Wife.

Indianapolis, Ind., Nov. 26.—James O. Parker, now president of the Ohio Valley Trust Company, Evansville, who was counsel for Rev. William E. Hinshaw, now serving life sentence for murder seven years ago, claims to have proof that the prisoner is innocent. He has been working privately on the case ever since and has traced a small cameo ring worn by Mrs. Hinshaw at the time she was murdered to "Kid" Whitney, a well-known criminal. The three men stated by Mr. Parker to have perpetrated the crime are Baney, Bruner and "Kid" Whitney, all of whom are now in prison. As soon as they are set free Mr. Parker will cause their arrest on the murder charge.

SEASONS TURN TOPSY TURVY

Leavenworth County, Kansas, is Enjoying Spring Weather in Fall.

Leavenworth, Kas., Nov. 26.—This fall in Leavenworth county nature has accomplished a number of surprising things. Chris Gauz, a farmer residing west of this city, has gathered a second yield of strawberries; George Huhn, a fruit raiser, has gathered his second crop of Malden Blue apples, and apple trees throughout the county are in bloom. The parks and lawns in the city are covered with grass, lilac bushes are in bloom, and violets grow on the hillside.

SELF-DEFENSE IS HUNTER'S PLEA

Slayer of W. A. Fitzgerald at Guatemala Claims Justification.

Louisville, Nov. 26.—"Self-defense" is the explanation in a cablegram received by William A. Hunter of this city from his father, Dr. W. Godfrey Hunter, concerning the killing of William A. Fitzgerald at Guatemala City. Mr. Hunter said: "The message from my father was brief, merely saying that self-defense was the motive for the killing and that he had wired full particulars to the state department in Washington."

Gen. Hood Retires.

D. D. D. SPECIAL OFFER

REGARDING diseases of the skin.

We have lately secured the agency for this city and vicinity of a preparation which is reliable and certain in clearing away troubles of the skin. Many forms of skin affections which have been considered incurable are conquered by this medicament as easily as a cough is stopped by the proper soothing and healing influences. This preparation is now in use among skin specialists, and many large hospitals have adopted it for eczema and kindred cases. It stands among the most useful medical agents now known.

We have evidence of its work to show which will interest any sufferer. Call and investigate same. Since we have been handling the remedy—known as D. D. D.—its work proves so effective we guarantee its efficacy. In all cases of skin affection we will refund the price of a bottle (\$1) if the sufferer does not consider it literally a Godsend after trying. It is curing the worst kind of cases every day. It seems a pity any one should suffer the torture of skin troubles when so dependable a curative agent can be had so cheaply.

STATE SCHOOL IS AFTER G. M. BRACE

Instructor at High School Has Twice Refused Flattering Offers From School at Wausau.

During the past week Prof. George M. Brace, instructor in the manual training department of the Janesville High school, has refused a similar position in the state school of agriculture, domestic art and manual training recently opened at Wausau. The position promised not only promotion from an educational standpoint but it brought with it a flattering financial inducement, the salary offered being an increase of one-third over the one which Mr. Brace is now receiving.

Special State School.
The school to which Mr. Brace was called is one of the two which have already been established in the state under the act of the legislature passed in 1901. The two schools are located at Wausau and Menomonie and are devoted exclusively to instruction in agriculture, domestic art and manual training. The administration of the schools is in the hands of a board of directors which acts with the principal of the school and they have charge of engaging the faculty and all other details of management. The board of directors consists of three members appointed from the county in which the school is located.

Anxious to Secure Mr. Brace.
The school at Menomonie will open next Monday and the school at Wausau began its work in the fall with R. B. Johns as principal. Instructors have been secured in the departments of agriculture and domestic art but not in manual training. Last summer an effort was made to secure Mr. Brace, who was personally recommended for the position by State Superintendent L. D. Harvey. The salary offered at that time was not large enough to be an inducement and Mr. Brace declined. On last Wednesday evening he received a telegram urging him to come and offering him the liberal advance of one-third in salary but Mr. Brace replied that he had entered upon his year's contract with the Janesville school and that he could not break it.

His Ambition.
In all probability this would be Mr. Brace's last year in this city. He has refused several splendid offers because he has outlined a certain amount of work which he wished to accomplish in the Janesville school. This is his third year here and under his direction the manual training department has attained a high standard and a rank second to none in the state. Now that Mr. Brace's ambition for the department has been realized he believes that his best work can be done in another city where he can do practically the same work for another school. Those who are interested in the department will be glad that Mr. Brace has decided to remain with the Janesville school for the present year at least.

ARTHUR WARD IS AWARDED A PRIZE

Secures Five Dollars Offered By A Firm of Manufacturing Chemists of Milwaukee.

Arthur Ward, a clerk at Helmsstreet's Pharmacy, has recently been awarded a prize of five dollars. The award was offered to the drug clerk of the state, who in the course of the past year sold the greatest quantity of goods manufactured by a certain Milwaukee firm. Mr. Ward was given second place, thereby securing five dollars. The concern which gave the prize was the Wisconsin Pharmaceutical company, the award being announced at a meeting of the company held in Milwaukee.

MIDGETS PLAY AN INTERESTING GAME

East Side Team Whitewashes West Siders—Secure Two Goals—Do Well For Age.

As an exhibition of polo the game played by the Midgets at the rink last evening was something of a disappointment, but was an interesting contest between two teams of small boys, was well-worth seeing. It is hardly to be wondered that at their age the boys do not play the most scientific kind of a game, while several of them display more than a little skill on the rollers.

The victory was 2 to 0 in favor of the East Side team, who were captained by Delaney. The West Side Midgets were under the leadership of Conley. The goals were made by Delaney and Kilmer unassisted. Fulton repeatedly won applause by his dexterity, blocking several perilously close shots for the cage.

Heavy

Dull Feeling After Dinner.

Tortures of Death From Headache.

Dr. Miles' Anti-Pain Pills Relieve and Cure.

"Nearly every day I suffered from severe attacks of headache. They usually began with a heavy, dull feeling soon after dinner. During these spells my head felt as though there was a tight bandage around it, my temples throbed, I became sick at my stomach, and suffered almost the tortures of death. For two years past I have been taking Dr. Miles' Anti-Pain Pills, and have found sure and immediate relief always. By taking one in time the headache is prevented every time!"
—Mrs. M. E. Noble, Garfield, Wash.

"Dr. Miles' Anti-Pain Pills are all right. I can recommend them very highly to anyone who needs a remedy for headache, neuralgia, or pain of any kind. My health is not very good, and I am subject to frequent attacks of severe headache, but since I began taking Dr. Miles' Anti-Pain Pills I do not suffer from them as I used to. They never fail to give relief in a few minutes, and if taken promptly upon the approach of a headache will prevent an attack from coming on."
—Mrs. Wm. Pedrick, Gloversville, N. Y.

"Dr. Miles' Pain Pills grow in favor with me every day for, whereas, I used to have sick headache once a week, sure, can say that I do not have it any more at all. I never had anything cure me of sick headache before!"—CLAUDE TUCKER, Wallace, N. Y.

While they are accumulating knowledge on the profound sciences, are often so ignorant of their own natures that they allow local disease to fasten on them to the ruin of the general health. Backache, headache, nervousness, point to a disordered or diseased local condition which should have prompt attention.

Dr. Pierce's Favorite Prescription may be relied upon as a perfect regulator. It stops enfeebling drains, heals inflammation and ulceration, and cures female weakness. *It makes weak women strong and sick women well.*

There is no alcohol in "Favorite Prescription" and it is entirely free from opium, cocaine and all other narcotics.

"Your letter just received," writes Miss Rose Kitchner, of 41 West Sharpnack St., Germantown, Philadelphia, Penna. "Words fail to express how thankful I am to you for your advice. I must confess that for the length of time I have been using your medicine I have found it to be the most wonderful and best remedy for female trouble that I ever have tried. Sorry I did not know of your 'Favorite Prescription' years ago."

Dr. Pierce's Common Sense Medical Adviser is sent free on receipt of 21 one-cent stamps to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

A LIFE INCOME.

FOR EVERY \$100 INVESTED, \$400.

The Idaho-Central Gold Mining Company, capitalized for only \$1,000,000, owns outright the Big Thunder Group, comprised of four claims on Dynamite Creek in the famous Thunder Mountain District, Idaho.

This property has an abundance of timber, and water for power, which it absolutely owns. Tunnel work is now being carried on under the supervision of an expert mining engineer.

There will be sufficient gold ore in the dump in the spring to enable us to operate a 10 stamp mill as a starter. This being a free milling ore, the initial 10 stamps will crush on an average of **50 Tons of Gold Ore per day**, which at the low valuation of \$10 per ton means a net income of **\$162,000 Yearly**.

A small allotment of stock is now offered to investors [for the purpose of purchasing a stamp mill] at the low price of **25c Per Share**. This stock is fully paid and non-assessable. Nothing less than 100 shares will be sold. An investment of \$100 now will mean \$400 in one year's time.

BESIDES AN ANNUAL RETURN OF 50 PER CENT OF THE ACTUAL AMOUNT INVESTED.

This statement is based on the sales of total capitalization. The fact is that under no circumstances will more than 600,000 shares be disposed of at any price; hence stock actually issued will have nearly twice the earning capacity than had the entire capital been disposed of.

IMPORTANT FACTS.

1. --No deep tunnels or shafts required; hence quick results.

2. --The ore is free milling; hence low cost of Machinery installation.

3. --Over 80 acres of gold ore; hence **Unlimited Gold**.

4. --Development work shows the gold is there; hence **an Investment**, not speculation.

5. --Present low price of stock; hence **Your Opportunity**.

6. --Gold being a standard, is always in demand; hence a **Sure Income** in dull times as well as prosperous.

**THE OFFICERS of THIS COMPANY ARE
Reliable Business Men**

Each one at the head of the firms with which they are connected. There are no stockholders or promoters in control; no salaried officers, hence proceeds from the stock sold will only be used for improvements on the property and purchasing machinery.

The money with which these mines were purchased was furnished by the officers of this company, and not by any security or investment company.
